

## CANNOT USE NAVY TO ENFORCE U. S. PROHIBITION LAW

**Atty. General Daugherty Hands Down Opinion Requested by Late President Harding—Navy can be Used Only When Emergency Exists and is Authorized by Congress.**

(By the Associated Press)  
WASHINGTON, Sept. 13.—The navy cannot legally be used in enforcing prohibition laws, Attorney General Daugherty ruled today. In addition he decided there is no national emergency in the situation calling for the employment of warships to make the dry laws effective. Delivering to President Coolidge the formal opinion asked last spring by the late President Harding the attorney general held that the naval establishment could be used as an enforcement agency only by special authorization of congress, or in an emergency which made civil processes impotent. Two questions were submitted originally by President Harding—whether the executive had power to use the naval forces in enforcing prohibition in the absence of an emergency and if this was unlawful whether an emergency existed authorizing their use. Both questions were answered in the negative by Mr. Daugherty who cited several laws and supreme court decisions as precedents.

## WORLD'S LACK OF TOLERANCE NOW DEPLORED

**Speakers at Church Conference Talk On Conditions.**

(By the Associated Press)  
URBANA, Ill., Sept. 13.—The church as a mediator in industrial warfare seeking to settle the differences between capital and labor according to the teachings of Christ, was an ideal presented by the Rev. A. A. Heist of Chicago at the annual Methodist Episcopal church here today. "The so-called problem between capital and labor is war," he said. "The business of the church is to make peace between them." Mr. Heist was one of the leaders in the campaign for the eighth hour day in the steel industry. "The man who listens is the man who lives," said the Rev. William L. Stidger of Detroit. He deplored the tendency of Americans to "tell the world" and pleaded for more tolerance in hearing the opinions of others. Bishop Thomas Nicholson of Chicago will lead the devotions tomorrow morning. Bishop William F. McDowell of Washington, D. C., will be speaker at the sixteenth annual educational banquet today in the Wesley Foundation at the University of Illinois. President Walter Dill Scott of Northwestern university will preside at this meeting. "Church landmarks that have guided the church for centuries must not be removed now by sectarian hatred," said the Rev. Alva Kerr, of Dayton, Ohio, today at the Central Illinois conference of Christian churches held in Urbana. "There has been a resurgence of sectarianism since the war resulting in intense suspicion and hatred in the churches today," said Mr. Kerr. "No political convention could have equalled the language of bitterness and hatred that has been set loose on church convention floors."

## JAPAN CREMATING MANY THOUSANDS

(By the Associated Press)  
WASHINGTON, Sept. 13.—Seventy four thousand bodies were cremated in Tokyo up to September 10, the Japanese embassy was informed today in despatches from its foreign office dealing with earthquake and fire fatalities. Since September 4, 40,000 bodies have been cremated, said the embassy. "There was no estimate possible of the number who departed by foot, by boat, or other means." In Yokohama up to the 11th the foreign office said, "there were 68,000 destroyed houses out of a total of 93,000. The food supply is fairly good." In other parts of Kanagawa, prefecture, casualties known to date (eleventh) are as follows: "Houses shaken down 53,000; houses burned 4,500; swept away by tidal wave 70; houses partly burned 22,000; number of dead 4,300; injured 24,000." "No detailed information concerning loss of life or property in other prefectures has been received."

## ITALY AGREES TO EVACUATION CORFU ISLAND

**Danger to Peace of Europe is Thereby Ended.**

(By the Associated Press)  
PARIS, Sept. 13.—The danger to the peace of Europe from the Italian occupation of Corfu ended tonight when, after another difficult session, the ambassador's council came to a full agreement. Italy finally consented to evacuate Corfu before the end of September. It is understood that they are to leave the island by September 27. It is also understood the council agreed that if on the date of evacuation the inter-allied commission of inquiry reports that Greece has not done all possible to discover and punish the assassins of the Italian members of the Greek-Albanian boundary commission the 50,000,000 lire deposited by the Greek government shall be paid over to the Italian government as reparations. Up to almost the last moment the Italians insisted that the powers ought to take Premier Mussolini's word as to the evacuation and leave it to him to fix the exact date after the reparations measures had been carried out.

**British Insistence.**  
The British ambassador insisted quite as strongly that public opinion throughout the world ought to be reassured by a definite arrangement that would put an end to the talk that Italy intends to remain in Corfu indefinitely. He asked that the Italian premier choose a fixed date which would be early enough to get all speculation as to Italy's intentions at rest. The allies assured the Italian ambassador that the greatest diligence would be exercised in pursuing the inquiry into the assassination of General Tellini and the other members of the Italian boundary commission and pleaded with him to urge Rome to accept the desire of Great Britain and fix a precise date for the evacuation of Greek territory so as to relieve the world of anxiety.

The afternoon session was postponed until 6 o'clock and then again to 6:30 o'clock in order to give time for the ambassadors to communicate with their governments.

**Official Communiqué.**  
Two more hours were occupied by the ambassadors at the evening session before they could come to an agreement, but eventually it announced with an air of great relief that Italy had agreed to evacuate.

## DRY LAW AGENTS GET NOT GUILTY VERDICT

(By the Associated Press)  
ROCKFORD, Ill., Sept. 13.—A verdict of not guilty was brought in shortly after 10 o'clock tonight in the trial at Belvidere of Ira Blackwell and Conrad Brune, Lake county dry enforcement agents, who were charged with the murder of Joseph Bielecki, who was killed during a prohibition raid on his home in North Chicago, February 4. The case was in the Boone county circuit court at Belvidere on a change of venue from Lake county. The case went to the jury late this afternoon. The defense was that Bielecki attempted to shoot the prohibition agents when they entered his home on a search and seizure warrant. His weapon misfired according to the defense testimony. Blackwell then fired fatally wounding Bielecki. The prosecution has tried to prove that shooting by the prohibition agent was unwarranted.

## JUDGE REFUSES A PERMANENT WRIT

(By the Associated Press)  
AURORA, Ill., Sept. 13.—Judge William J. Fulton sitting in the Kane county circuit court today refused to make permanent an injunction restraining the junking of the Aurora and DeKalb Electric Line which was purchased some months ago by Israel Joseph, an Aurora scrap iron dealer. The Illinois Commerce Commission stopped dismantling of the line on the grounds that it had not granted permission to the line to cease operations. Counsel for Joseph contended that the commerce commission cannot compel an owner to operate a line at a loss and that a showing had been made in a court record before the road was ordered sold for debt.

## GREAT DEMAND FOR FOOTBALL TICKETS

ANN ARBOR, Mich., Sept. 13.—Fielding H. Yost is receiving an average of 1,200 letters daily from persons who want to see his University of Michigan pigskin passers play football this year. The alumni allotment of tickets for the Michigan-Ohio State game October 20th, was sold out at noon today. Buckeye supporters took 7,500 tickets for this game.

## RADICAL LABORITE IS PANNED AT MEET IN DECATUR

(By the Associated Press)  
DECATUR, Ill., Sept. 13.—Support from the international office of the American Federation of Labor arrived at the state federation convention this afternoon to join in the attack on William Z. Foster, and the undefeated part of his program including the "Amalgamation" and recognition of soviet Russia. A vote on both proposals will likely come tomorrow.

Speaking as the personal representative of President Samuel Gompers of the American Federation of Labor, Vice-President Matt Woll of Chicago, who is also international president of the Photo Engravers union denounced the radical leader as "Mr. Imposter" whose "whole purpose is to destroy the leadership of the American Federation of Labor."

**Peoria in 1924**  
Mr. Woll's speech and the selection of Peoria for the 1924 convention city consumed the entire afternoon, thus depriving Mr. Foster of the promised opportunity to speak on "Amalgamation" for which purpose he was recognized before adjournment at noon. He will get the floor tomorrow if not to deliver a set address, at least, he said tonight to answer the international vice-president's attack.

Under the convention rules he may apply for this as "personal privilege." The movement for amalgamation of craft unions into industrial unions, Mr. Woll said, was backed by a desire to take control of the political power of the state and destroy the entire fabric of the American labor unions. To Destroy Labor  
"If this were purely an educational move," he said, I should not waste your time. But behind this proposal is an intent to destroy the leadership of the American Federation of Labor. So we must take the purpose and not the shell, in judging it.

## OKLAHOMA GOVERNOR INSISTS THAT LAW MUST BE ENFORCED

**Drastic Military Law Regulations Will Follow Failure.**

(By the Associated Press)  
TULSA, Okla., Sept. 13.—Unless action is taken by Tulsans within the next few days "to remedy the local law enforcement situation as far as civil authorities are concerned," most drastic martial law regulations will be clamped down on this city and "the situation will be taken over completely by military authorities." This was the ultimatum issued by Governor J. C. Walton before leaving Tulsa this afternoon after coming here and presenting his peace terms to the chamber of commerce at the request of President H. O. McClure.

Although expressing appreciation of the courtesies extended to him during his day and a half stay here, the governor sternly made it plain that Tulsa must undergo an effective house-cleaning. If the city cannot perform this task he said in substance he will take charge of the job himself.

**Tulsa Situation**  
"If Tulsa citizens are unable or undisposed to conform to my reasonable terms, the situation will be taken over completely by military authorities," the governor said. The governor's demands are that Sheriff Bob Stanford, Police Commissioner Harry W. Kiskaddon, C. L. Holland of Tulsa, J. W. Owen of Collinsville and Dr. O. E. Robinson of Skiatook, the last three named comprising the county jury commission, hand in their resignations. None of these officials had been asked by representatives of chamber of commerce or any one else to resign up to tonight and there were no indications that they intended to resign voluntarily.

Apparently all formal peace negotiations were at an end when the governor departed. That the peace plan however, has not been dropped, was indicated by a conference today between business men and Ku Klux Klan officials who evidently have been asked to use their influence in securing the resignations of Sanford, Kiskaddon, Holland, Owen and Robinson.

## STATUS OF FIUME DECIDED SATURDAY

BELGRADE, Sept. 13. (By the A. P.)—The time limit set by Premier Mussolini of Italy for a settlement of the status of Fiume expires in two days, but the government and the public here seem quite unperturbed, although Mussolini's terms are tantamount to the annexation of Fiume. The foreign office declares no opposition will be offered to the annexation of Fiume, and there are no signs of any military preparation here.

## REPORT ON THE COAL INDUSTRY IS SUBMITTED

**Believe Settlement Possible Fair to All Concerned.**

(By the Associated Press)  
WASHINGTON, Sept. 13.—Operation of the national coal industry so as to secure a dependable supply of fuel to the public, adequate wages to the miners and reasonable returns to the operators is possible the coal commission declared in a report submitted today to President Coolidge. Thirty-seven specific recommendations were made with a view of establishing the equitable interest of each party. Alleged derelictions by both miners and operators were condemned by the commission, one recommendation being that the two groups join in the study of ways and means of stabilizing the industry to prevent unemployment and uneven production.

The suggestion also was made that the operators perfect an organization among themselves as effective as that of the miners, "both as a defensive and co-operative measure."

**Special Investigations**  
It recommended special compulsory investigation as soon as failure to renew an agreement appeared imminent and inclusion in every wage contract of a clause providing for automatic renewal except respecting such provisions as may be denounced 90 days prior to expiration of the old contract.

Other outstanding recommendations in the report were: That each side place some check upon the provocative and truculent publicity which tends to undermine good relations. Establishment in each district and nationally of joint commission of operators and miners to make studies of the principal jobs and existing rate differentials to develop an adequate basis for the needed revision of the rate structure.

Continuation by the government of its study into the industry generally and into specific phases such as unemployment and inequalities in rate structure and "continuous, compulsory collection and publicity of rates and rate changes in non-union fields."

Establishment thru non-union fields of check weighmen selected and paid by the men. Discontinuance thru the industry of sub-contracting. Abolition of convict leasing to operators. Abolition of all discounting of scrip.

Serious study of both sides of the problem of undue limitation of output and of causes leading thereto.

**Settlement of Disputes**  
Disputes in union fields concerning discharges to be settled promptly thru conciliation or arbitration with adequate checks enforced in non-union fields against unreasonable exercise of the power of discharge.

Recognition of the union's right to encourage new members thru the example of "service to its members" and by peaceful and honest persuasion of every sort, with recognition of a similar right of operators by good work and honest persuasion "to maintain a non-union status."

The report continued: "We condemn violence, thugery and gun work whether practiced by the union or by the complete unionization or by the operators to prevent it."

**Snow and Killing Frosts Reported**  
(By the Associated Press)  
CHICAGO, Sept. 13.—Unseasonable cold weather which has prevailed in sections of the west and northwest for the past two days struck the middlewest with its full force tonight, with the result that frost was expected in many sections although the damage to gardens and crops was not expected to be heavy.

Snow and killing frosts have already been reported in sections of Michigan and Minnesota. With Chicago temperatures today hovering around the half century mark, winter overcoats made their appearance on the streets in large numbers and furnace fires in hotels and apartments were lighted for the first time this fall.

## MILITARY COUP IN SPAIN MAY KINDLE A NEW REVOLUTION

**Military Chafing Under Result of Moroccan Campaign Would Act Independently and to Accede to Cabinet's Request.**

(By the Associated Press)  
MADRID, Sept. 13.—Spain is in the travail of a revolution. A military coup d'etat, originating in Barcelona has spread rapidly thru various districts and provinces of the country and has aroused the deepest concern to the government.

At the head of the movement is the captain general of Barcelona, Primo Rivera, a man of strong influence and powerful associations. Behind him are the officers of the army, who have been chafing for many months under the ignominy of the Moroccan campaign and with the officers are the rank and file, who seem ready to follow their leaders to the end.

King Alfonso is believed to be at San Sebastian. There are various reports as to his probable action in the crisis, and he may even now be on his way to Madrid to take up consideration of the threatening situation with Premier Alhucemas.

After protracted meetings of the cabinet, a message was sent to General Primo Rivera, requesting him to abandon the movement for patriotic reasons, but he absolutely refused to do so.

The foreign minister, Santiago Alba, who is believed to be particularly obnoxious to the revolting elements, has resigned from the ministry as well as the minister of labor, Felix Arminan.

The under-secretary of war, General Bernades Castro, informed the correspondents this afternoon, that the minister of war had a long conversation on the telephone with the captain general of Barcelona who informed the minister that he had rebelled against some members of the movement government. The captain general paid tribute to Premier Alhucemas and the minister of the interior, the Duke of Almodovar.

Contradictory reports are very prevalent here. After the under-secretary of war told the newspaper men that King Alfonso had left San Sebastian by automobile for Madrid, there was an authoritative report much later that the king was still sojourning there and that he would not come to the capital until tomorrow.

Another report current was that the government had sent warships to Barcelona but this was denied by the minister of marine. El Sol announces that the Bilbao garrison has joined in the movement and seized all communications. Complete quiet reigns here.

## PAPERS THREATENED WITH CENSORSHIP

(By the Associated Press)  
MUSKOGEE, Okla., Sept. 13.—Demand for the resignation within 24 hours of W. R. Sampson, an exalted cyclops of Muskogee Klan No. 3, was served tonight on C. C. Glynn, secretary of the Chamber of Commerce by Dr. A. E. Davenport, state health commissioner, speaking for Governor Walton. Davenport said that martial law would follow failure to obey the ultimatum.

Military censorship for the Muskogee-Phoenix also was threatened.

"We're putting a man in the Tulsa Tribune office to censor everything that goes into that paper and we'll do the same thing for the Phoenix if necessary," Davenport said.

## AMERICAN INSTITUTE OFFICERS RE-ELECTED

(By the Associated Press)  
KANSAS CITY, Mo., Sept. 13.—Officers of the American Institute of Park Executives were re-elected in annual convention here today. Paul B. Riis, superintendent of parks, Rockford, Ill., was elected to the board of directors for a three year term. Choice of the next convention city was left to the executive committee.

## BANKER LOSES BIG AMOUNT FROM DESK

(By the Associated Press)  
INDIANAPOLIS, Ind., Sept. 13.—Theft of \$40,000 worth of United States treasury certificates from his desk was reported to the police this afternoon by Edward F. Moore, vice-president of the Indiana National bank.

## CHINA STRONG IN SUPPORT OF LEAGUE'S WORK

**Explains Away Any Apparent Failure In Operation.**

(By the Associated Press)  
GENEVA, Sept. 13.—China came out strongly in support of the League of Nations today. Tchen-ching, minister to France, in an address before the assembly, declared the league had given ample proof of its ability to secure the peace of the world and to help the triumph of justice.

This had been accomplished he declared, because the basis of the league was recognition of the equality of the peoples without distinction of race, color or religion. China was convinced that the time would soon come when all the nations of the earth would be represented in the league. Tchen-ching moved the adoption of the report of the council on the work of the past year, because he said, it demonstrated that the sentiments of fraternity and co-operation were surging to the front thruout the world.

**League Limited.**  
Sidiskauskas, of Lithuania reviewing the political difficulties between this country and Poland, made the point that, if the league of nations did not yet occupy in the political world that place which promoters expected, it was chiefly because the competency of the league was too limited and also because of what he termed the faulty methods employed by the council in solution of differences between nations.

He argued that the prerogatives of the council of ambassadors were often in conflict with the authority of the council of the league and he recommended that this conflict be removed by agreement. He hoped Poland would renounce her policy of vigilance and agree to an amicable solution of the question of Vilna, which he declared belonged to Lithuania.

All the speakers praised the league for its achievements in problems like refugee work, public health, protection of minorities and the reconstruction of countries in distress. Bulgaria reported that she was doing everything to help in the needed economic rehabilitation of Europe and placed full faith in the future of the league.

## ALTITUDE RECORD HELD BY FRENCH

(By the Associated Press)  
PARIS, Sept. 13.—Sadi Lecoq, the French aviator, was today officially recognized as holder of the world's altitude record. The laboratory of the ministry of public instruction announced that the barograph showed Lecoq reached 10,722 meters or 35,178.80 feet on his last attempt on Sept. 2, thus breaking the record held by Lieutenant J. A. MacReady of the United States air service. Lieutenant MacReady's mark of 34,509.5 feet had stood since Sept., 1921. By his feat Lecoq wins a prize of 50,000 francs offered by the French government, as well as a pension of 50 francs daily offered by the manufacturer of his Nieuport plane, until his record is shattered.

## WEATHER

(By the Associated Press)  
Illinois: Fair Friday and probably Saturday, somewhat warmer, cloudy in north and central portions.

## THE SKYSCRAPER MOVIE.

What might be called a text film is going to be made in Chicago in connection with the building of a new skyscraper. It will take more than three months to erect the building. Across the street from it, located in a park, is the motion picture cage where, every morning while work is going on, the camera man will take 20 or 30 feet of film showing the daily progress in the building's growth.

When the outside of the building is finally completed the picture, too, will be done. It is to be lent to engineering schools anywhere in the country for the purpose of illustrating building construction methods. Architects and contractors' conventions are expected to use the picture in their discussion of the most modern methods of building. This particular picture will reproduce in half an hour the most important features of three months and more of labor.

Slow motion pictures teaches us how a driver performs his feat, others show us how a plant grows and its blossoms unfold. Building a skyscraper in 30 minutes is another little trick which adds to the long list of usefulness of this modern invention of service and entertainment.

## INCREASED CHILD LABOR.

The United States Children's Bureau announces that there has

been a general increase in child labor of 57 per cent since the Supreme Court declared the federal child labor law unconstitutional. Twenty-one cities are specifically cited as showing an alarming increase in work permits.

Some of the communities pointed to in the Bureau's report have replied that it is not child labor in the usually accepted sense that is indicated by the greater numbers of children employed in gainful occupations. They call it simply an offshoot of increased business prosperity.

It is unfortunate, indeed, if increased business prosperity should draw more children away from the school work and the play they need and turn them into the grinding and unwholesome system of child labor in American industrial cities and in such agricultural regions as the sugar beet fields.

State and local legislation must be advanced as swiftly as public opinion and education can effect it. Federal action, in the form of a constitutional amendment and an enlightened law, is likewise necessary.

## SCHOOLS SHOW A CITY'S RICHES.

The Seattle Post Intelligencer in a recent issue printed an editorial on the theme "Schools show a City's Riches," which is in many ways especially applicable to Jacksonville, with its heavy assets of schools and colleges.

It need hardly be said that this editorial came to the notice of the Journal from the fact that Dr. J. R. Harker is now on the coast and altho he is taking an extended vacation, any published opinion of the kind mentioned is not likely to escape his notice.

Dr. Harker writes, referring to the editorial:

"I have long believed that it is a great asset not only to the child himself but also to the community to keep the child in school a year longer. I am hoping that in Jacksonville this will be sensed not only for the high school education but also from the colleges."

Here are paragraphs from the editorial:

"They go to school longer on the Pacific coast than anywhere else. In Seattle more boys and girls continue thru high school."

There's a significance in this statement by Superintendent of the Schools Thomas R. Cole, made on the eve of the reopening of Seattle schools, which should not be overlooked.

"Better than the financial

statement of banks, better than the figures of exports and imports and wages paid in mills and factories and offices, the school attendance figures of a city show its riches.

"To appreciate the value of education, imagine the schools abolished overnight and all learning stopped. In one generation man could easily slide back to the dark ages. Of course, education is not confined to the school room. Every modern day workshop and office offers instruction, but the school is a kind of factory with the sole duty of teaching. Obviously it does a quicker and better job than is done elsewhere.

"The measure of a city's wealth is the proportion of its children who attend schools, and particularly the proportion who continue thru high school. Tomorrow's progress is in the hands of today's children. As they are taught now, so will they carry on the work of the world tomorrow."

## FUNERALS

Ransom

Funeral services for Robert R. Ransom were held from the residence west of the city at 10:30 o'clock yesterday morning, in charge of Rev. L. R. Cronkrite of Lynnville. Music was furnished by Mrs. L. R. Cronkrite, Mrs. John Heaton, James Gordon and Fred Jewsbury, with Mrs. J. C. Overton at the piano.

The floral tokens were cared for by Mrs. H. D. Adkins, Mrs. Grace Ransom and Miss Lizzie Groves. The pallbearers were: William Frost, Lorenzo Shirliff, John Heaton, E. C. Overton, Samuel Thompson and Harry Coulter, all members of the Lynnville lodge of Masons, of which Mr. Ransom had been a member for 42 years. Interment was in Diamond Grove cemetery, and the burial ceremonies were in charge of the Masonic fraternity.

## NOTICE OF CHANGE OF BUSINESS ORGANIZATION

Notice is hereby given of the change of the former "F. J. WADDELL & CO.," a co-partnership, as of Aug. 1, 1923.

## RECOVERING FROM AUTO ACCIDENT INJURIES

Miss Grace Alexander, 149 Caldwell street who was recently injured in an auto accident has now fully recovered from her injuries and expects to leave today for Pottstown, Pa., where she has a position as instructor for the coming year in the Wyndcroft school, which is a preparatory school for both boys and girls. Last season Miss Alexander was engaged in secretarial work at Princeton, N. J., and has been spending her vacation with her parents, Mr. and Mrs. Paul Alexander on Caldwell street.

Miss Mary, her sister, who has been hurt in the accident is recovering nicely but will remain at home for some time. The third daughter of Mr. and Mrs. Alexander, Miss Alice, who received several injuries in the accident expects to be able to enter Illinois college with the opening of the term.

Visit the modern home, 930 W. North street, furnished by Hopper & Hamm. Afternoons 2 to 5, evening 7 to 9, until Sept. 18th.

The new pavement on Independence and North East streets is now finished. USE IT and STOP at the BERGER MOTOR CO. for anything for your car. ALWAYS OPEN. We have on hand now 9 used Fords, 3 Chevrolets, 1 Model Four Overland. Cash, terms or trade.

## ANNOUNCE WINNERS OF PICNIC CONTESTS

Woodson Burgoon is Success and Every Prize Awarded to Contestants—Horse Show Also Proves Attractive Feature.

In spite of the chilly weather, a large crowd attended the Woodson burgoon and all day picnic yesterday, given under the auspices of the Woodson band and Legion post. Much interest was displayed in the various contests, and every prize on the list was claimed by some successful athlete, horse shoe pitcher, or owner of a fancy driving horse. Results of the day's contests follow:

Men's free for all, 100 yards—L. Robinson, first; Orville Riley, second.  
Men's free for all, 50 yards—William Cooper, first; L. Robinson, second; Lloyd Harney, third.  
Fat man's race, 50 yards—William Doolin, first; Dr. R. R. Joney, second; William Casey, third.

Relay race—William Cooper, first; L. Robinson, second.  
Potato race—William Cooper, first; L. Robinson, second; Ed Wild, third.

Boys under 15—Orville Henry first; Edward Smith, second; Marion Smith, third.

Boys under 10—Russell Ezard, first; Merle Rook, second; Ray Sorrells, third.

Ladies' free for all—Mrs. Wm. Cooper, first; Mrs. Ed Quimby, second; Mrs. William Fanning, third.

Girls under 15—Mardell Henry first; Hazel Daniels, second.

Girls under 10—Phyllis Cooper, first; Freda Brogdon, second.

Fat woman's race—Mrs. Geo. Thies, first; Mrs. Lottie Arnold, second.

Ford car coming from longest distance—Arthur Smith of Alexandria.

Man or woman able to move car specified distance in slowest time—L. Robinson, first; L. F. O'Donnell, second.

The cake contest resulted as follows. All cakes were donated to the public after being judged.

Angel food—Mrs. Luella Henry, first; Mrs. J. C. Tarzwell, second.

Apple sauce cake—Mrs. Allie Hitch, first; Mrs. Ruth Shirley, second.

Devil's food—Mrs. F. Quimby, first; Mrs. Amos Harney, second.

Caramel cake—Mrs. Anna Cooper.

Chocolate cake—Mrs. Edward Sheppard.

Results of the horse show proved that fancy driving stock has not gone out of fashion in Morgan county. The winners were as follows:

Best single driver—Paul Sheppard, first; Harry Tarzwell, second; George Preston, third.

Best lady single driver—Mrs. William Cooper, first; Mrs. Jack Rolston, second; Mrs. Sam Dean, third.

Best three-gaited saddle horse—Bert Way, first; Paul Sheppard, second; E. E. Henry, third.

Best saddle horse, mare or gelding—Bert Way, first; E. E. Henry, second; Ed. Wild, third.

Best pole team—Paul Sheppard, first; Bert Way, second.

Best single driver not in Morgan county fair class—George Preston, first; Jack Rolston, second; Sam Dean, third.

William Doolin and H. J. Barber won first in the horse shoe contest and Morris Carrigan and Ernest Sandberg won second.

Miss O. Kehl was awarded the prize for the tallest lady on the grounds under 78 years of age.

The prizes in the contests were donated by Jacksonville, Woodson and Murrayville merchants.

## DRESSES

250 new Fall Dresses in Woolen and Silks, will be put on sale Friday, \$15 to \$24.75. SHANKEN'S

## KINDERGARTEN WORK FOR YEAR BEGINS

Twenty-three children are enrolled in the free kindergarten which has begun its work in Jacksonville again after a cessation of its work for a period of two years. The kindergarten is now located in the Jefferson school building in the first ward, in charge of Miss Olive B. Smith as instructor, with Mrs. Dorothy Cannon as an assistant.

Miss Smith as before mentioned, is thoroughly experienced in kindergarten work, having taken special courses of study supplemented by actual work in Chicago. Miss Smith is resident here at the home of Mrs. Heaton, 111 South Clay avenue.

The kindergarten board is thoroughly interested in the work in which it is engaged and the officers have the loyal support of the membership.

CHICK STYLES OF TRIMMED HATS SPECIALLY PRICED FRIDAY AND SATURDAY AT HERMAN'S.

ALEXANDER NOTES.  
The Chautauqua which has been holding sessions twice daily at Alexander since Tuesday afternoon, will close this evening. It has been well attended and the programs have been good.

William Colwell has improved to such an extent that one of the nurses who has been in constant attendance at his bedside, has been dismissed.

Mr. and Mrs. John Willetts have returned from an extended visit in Champaign, Ill., and in Terre Haute, Ind.

J. E. Bergsneider was a business caller in Jacksonville Thursday.

## KNITTING MILLS BUYS SITE IN WHITE HALL

Close Deal With F. C. Griswold For Location on South Main Street—Aged Resident of White Hall Dies.

White Hall, Sept. 12.—Official heads of the Chester F. Knitting mills were up from St. Louis Tuesday and completed a deal with Frank C. Griswold for a factory site on South Main street, south of the Lukeman Ford garage. The ground is 66x202½ feet. Mr. Griswold made a concession to the company for coming here by selling this valuable site for \$1,000. The company will erect a two-story brick building with basement 48x100 feet, and the work will be gotten under way as soon as possible. In the meantime the company will use the old opera house, where twenty machines are now being installed. These machines arrived Tuesday by auto trucks, together with motors and shafting apparatus. This will enable help to be trained while the main factory gets under way. The new industry will have very attractive surroundings in every way, and will be an ornament to that section along the main highway through the city.

Mrs. Thomas Staples, native of White Hall who died Tuesday morning at the age of 76 years, was the mother of seven children four of whom survive as follows: Jesse of Alto, Mrs. S. S. Cochran, Mrs. Ivan Shackelford and George of White Hall. Mr. Staples survives at the age of 76 years but has been blind for the past four years. The couple has resided with their daughter Mrs. Shackelford, on Gregory farm, for the past two years. Mrs. Staples had been in failing health for about fifteen years, but did not become completely bedfast until about a week before her death. She suffered with complications. She was a sister of the late Samuel J. Rigg, a well known G. A. R. man. Her later progeny consists of twelve grand children and nine great-grandchildren.

Funeral services will be held in the First Baptist church on Thursday at 2 o'clock, the discourse being delivered by Rev. W. E. Johnson of Winchester. The burial will be in the White Hall cemetery.

## DEATHS

Walsh

John Walsh, formerly a resident of this city, died at 8 o'clock Thursday night at his home near Ashland. Mr. Walsh had been ill for an extended time and his relatives realized that his condition was serious. He was held in high esteem by the people who knew him here, as well as in the Ashland community, and many will regret to learn of his death.

Mr. Walsh is survived by his wife, together with three sisters and one brother. Mrs. Patrick Dowling and Mrs. Edward Kelly of this city, Mrs. James Murphy, Davenport, Iowa, and William Walsh of Ashland avenue, this city.

Mrs. Dowling and Mrs. Walsh will go to Ashland this morning. Arrangements for the funeral have not been completed.

BACKER OF FIRPO  
TALKS ON FIGHT

(By the Associated Press)  
BUENOS AIRES, Sept. 13.—"If Jack Dempsey wins over Firpo, it will be in a manner which Firpo, Lavalle and myself have foreseen and tried to guard against," Felix Bunge told the correspondent of The Associated Press tonight.  
Bunge, who is Firpo's backer and mentor said he would announce what he had in mind after the fight together with the plan of combat which Firpo will

when he left Buenos Aires for New York.  
According to Bunge the plan has been shown by Lavalle to Benny Leonard, the lightweight champion, who gave it his hearty approval.  
"I sent Firpo his final message today," Bunge added. "It was a message of encouragement and a caution not to forget to keep himself covered. I await the good news of his triumph in all confidence."

GRAND JURY IN  
MC LEAN REPORTS

(By the Associated Press)  
BLOOMINGTON, Ill., Sept. 13.—Thirty-three indictments were returned by the September grand jury today at the close of a four day session. Only four indictments were for violations of the Volstead act which is an unusually small number for McLean county. The February grand jury returned 26 indictments against alleged liquor law violators and previous grand juries have reported a great number of such indictments. The majority of the cases before the September grand jury were for robbery, assault and minor offenses.

ILLINOIS STADIUM  
SUBSCRIBERS FAIL  
TO MEET PLEDGES

Loan Must be Made Immediately to Meet Contractor's Bills

(By the Associated Press)  
URBANA, Sept. 13.—Failure of subscribers to the Illinois Stadium to meet pledges on time has made it necessary to float a loan in order to pay contractors' bills for September and complete the memorial structure in time for the opening game with Chicago, George Huff, director of athletics at the University of Illinois said tonight.

Mr. Huff made the statement on his return from a meeting of the executive committee held in Chicago today. At that meeting H. S. Capron, treasurer of the Stadium Fund was authorized to borrow money to meet September bills and it was indicated that a similar step will probably be necessary to pay the contractors for their October work.

The Amount Needed  
On September 10 there was \$202,353.47 in the stadium treasury with bills unpaid of \$142,011.35, leaving a cash balance of \$60,342.12 with which to meet August and September bills. It is estimated that construction costs during September and October will be in excess of \$300,000, all of which will probably have to be paid thru loans.

To date pledges of \$1,158,000 have become due, of which only \$841,000 has been paid in. The university opens Monday and a "plus campaign" for further funds is planned within the next few weeks.

The financial stringency will not interfere with the opening of the stadium October 3.

"We will be ready for the homecoming game with Chicago," said Mr. Huff.

THE GIANT OF SERVICE

Building With the Community

As communities grow there is a need for more light, heat, power and transportation. This is true with respect to new homes and new industries, and in providing extensions for those already in operation.

This calls for constantly increased facilities. Outlay of added capital is necessary, frequently proving too heavy a tax on the financial resources of an individual company.

This is another reason for merging many smaller companies into one large group, such as the Illinois Power and Light Corporation. Affiliation with a large organization gives our company the benefit of increased financial, as well as operating resources. This brings the possibility of greater service and with it the ability to meet the needs of the community.

## Social Events

## Centenary Aid Society Meets

Mrs. Louis Kelly was hostess to the Ladies Aid Society of Centenary church Thursday afternoon at her home on South Diamond street. The assistant hostesses were: Mrs. George Brown,

Hodgson. There were twenty-five present and the afternoon was given over to the discussion of various plans for the future. The society is to hold a two day rummage sale week after next and arrangements for this project were talked over at yesterday's meeting.

The treasurer's report was presented, showing a nice balance remaining at the close of the con-

ference year. The day of meeting was changed, and the society will now meet on Wednesday afternoon instead of on Thursday as heretofore. This is in accord with a movement which is now under way among churches for the holding of Aid meetings on some certain day of the week. A social hour came in the late afternoon and dainty refreshments were served. Guests present were Mrs. William Worthington and Mrs. Franks.

## Gave Dinner-Dance

A dinner dance was given last evening at the home of Mrs. Charles Cornick, 1115 West State street, in honor of Miss Mary Edith Baumgardner, who is soon to leave Jacksonville and enter Northwestern University at Evanston.

The hostesses of the evening were Misses Ethel Cornick, Irene Smith, Lucille Harber and Maude

Eva Hackett. It was in every way a very enjoyable social event, the guests thoroughly appreciating the hospitality of the Cornick home.

## Salem Aid Met

With Mrs. Bozarth. Mrs. Edith Bozarth was hostess yesterday afternoon to several members and guests of the Salem Ladies' Aid. It was regular meeting, and there was a good attendance. The president Mrs. Frank Green, read the scripture, and Mrs. William Ledford offered prayer. There being no business before the society, those present enjoyed an excellent paper by Mrs. Effie Marthole on 'Elijah's Wonderful Victory.' The hostess served delicious refreshments and the members spent a pleasant social hour together.

## All Day Meeting of Brooklyn Aid

The regular meeting of the Ladies' Aid of Brooklyn church was held yesterday at the home of Mrs. William Henry on Routt street. A splendid dinner was served at noon. The afternoon was devoted to business and discussion of the plans for the coming year. Mrs. Henry was made chairman of a committee to outline a year's program. It was decided to hold a chicken fry in the near future. There was a large attendance of members and much interest in the prospects for the organization during the winter was shown. Mrs. Albert Proffitt was the hostess.

## Entertained For Guest From Chicago

Mrs. Clyde Richardson of South Clay avenue gave a six o'clock dinner Thursday evening in honor of Miss Eva Vasconcellos, who is here from Chicago for a vacation visit. An elaborate dinner was served and afterward came a very pleasant social evening. The guests were Mrs. Nina Gaskins, Mrs. Fred Lynn, Mrs. Philip Heneghan and Miss Agnes McCarthy.

## Club Met at Baxter Home

Members of the South Diamond street club were entertained Thursday afternoon at the home of Mrs. George E. Baxter, 820 West College avenue. The afternoon was very pleasantly spent in an informal way and dainty refreshments were served by the hostess.

## Give Farewell Party

For Mrs. A. S. Nebold. The Mary and Martha class of Grace Sunday school gave a farewell party yesterday afternoon in honor of Mrs. A. S. Nebold, who is soon to leave for her future home in Linden, Wis. The affair was held at the home of Mrs. C. W. Ledford, 402 North Fayette street. The guest of honor received many useful gifts and expressions of appreciation for her services as president of the class and as a leader in many other church activities. Refreshments were served during the afternoon.

## Ebenzer Ladies Are Entertained

Mrs. C. W. Birdsell and Mrs. Henry Werries were hostesses yesterday afternoon to the Ebenzer Ladies' Aid at the home of Mrs. Birdsell. The president Mrs. Walker Henderson, opened the business session with a scripture reading. It was decided to hold a baked chicken supper in the basement of the church on Oct. 4. Following the business session, the hostesses served delicious refreshments and the members and guests present enjoyed a social hour.

## BAND WORK BEGINS AT SCHOOL FOR DEAF

Major Fancher Here to Organize and Develop Band—Will Be Third of the Kind in the United States

It has long been an established fact that persons who are totally blind quite often develop into splendid musicians, but very few people have been able to stretch their imagination to the point of believing that the deaf may also develop into first class band musicians.

At the present time this fact has been satisfactorily demonstrated in the State Schools for the Deaf in the states of New York and Tennessee. Major Fancher who has for the past 10 years been connected with the above mentioned schools in band work and military instruction has been secured by the management of the Illinois School for the Deaf at Jacksonville and has begun the preliminary work of organizing a band with more than the average chances for complete success.

## Rhythm Comes First

The first requisite in teaching band music to the deaf is instilling of the sense of rhythm. Major Fancher states that as a rule those pupils who are able to hear a trifle have a slight advantage but this is not always the case as the fact applies with them as with a normal person, namely, the pupil must have some natural sense of rhythm. He relates several cases in his experience as bandmaster for the deaf, where pupils who could neither hear nor speak have developed into first class musicians, while in other cases, although the pupils had more or less of the sense of hearing, they were unable to master the instruction.

In teaching the first rudiments of music the pupils are taught time by the means of a musical chart carrying both the bass and tenor notes. The feet are stamped for the beats in the bass and the hands are clapped for the tenor notes. In the first rehearsal held at the School for the Deaf Thursday night, 26 pupils, most of whom are able to hear more or less gave a fine exhibition in beating time in all its different phases, including waltz time, march time, etc. The class was then divided into halves, one half keeping the bass time and the other half clapping the tenor time, and then reversing the order.

After the pupils have mastered the rudiments of rhythm by this method, drums are next introduced, both tenor and bass, and from these the pupils are graduated to the brass instruments, the easiest of which to learn being the bass and alto horns, the baritone and trombones being harder to master, and the cornet the hardest of all.

Major Fancher stated Thursday evening that the first work naturally would be the elimination of the trial pupils who showed no natural aptitude for music and after this step has been taken, the band should be able to correctly render one or two simple band pieces within a month or so, and that they should be able to command quite a repertoire of music by Christmas time. He was connected with the band for several years in the state of New York and for the past two years has been instructing the band at the Tennessee school, the latter band becoming so proficient that they have recently returned from an extensive tour. Major Fancher sees no reason why the Illinois band should not far surpass either band with which he has been connected.

## Military Training

In addition to his work as bandmaster at the Illinois school Major Fancher will also take charge of the military instruction. He, himself, is able to hear very little and has practically lost his power of speech, but in spite of these handicaps he rendered some very beautiful selections on the cornet at the first rehearsal Thursday evening. During the instruction period also he used the cornet to good effect, playing marches and waltzes while the different divisions of the pupils beat the correct time with their hands and feet, the pupils, although this was the first lesson of their lives in a musical way, keeping almost perfect time.

It is a safe prophecy that before the end of the present term at the school, Illinois will have another honor added to her list in the fact that she will then have one of the three deaf-mute bands existent in the United States. A full complement of band instruments is expected in a very short time and short night rehearsals will be held at the school until the pupils become proficient in what has heretofore been considered an impossibility by the average person.

### LEAVES TO ATTEND REBEKAH ASSEMBLY

Mrs. Myrtle W. Tandy left last night for Cincinnati, Ohio, where she will attend the annual session of the National Association of Rebekah Assemblies. She holds the office of vice president of the organization, next in line for the presidency in 1924.

The association is made up of forty-four jurisdictions, each having a representative in the national body. This will be the first meeting under a charter, which has been granted the association by the Sovereign Grand Lodge. The Rebekahs expect to hold the next meeting of the Assemblies in Washington, D. C., in 1924.

### KIWANIANS GOING TO DUBUQUE CONVENTION

Twenty-two Plan to Make Trip to Iowa for Big District Meeting—Club Members Hear Story of Beechnut Goods—Will Finish Cabin Tonight

Twenty-two local Kiwanians have signed up to attend the district convention in Dubuque, Ia., Sept. 25 and 26. A number are planning to make the trip in cars, and it is expected that a large local delegation will be present when Fred High makes his address on "The Golden Rule in Jacksonville."

The speaker at the Kiwanis meeting yesterday was J. V. Vossburgh of Chicago, central district sales manager for the Beechnut Packing Co. He told the club members the interesting story of the growth of the Beechnut factories and the steady increase in the popularity of this well known brand of goods. The problem of the manufacturers was to sell a high grade quality of goods at a higher price than other companies were asking and establish the quality in the estimation of the public to such an extent that retailers would willingly pay the increased price.

The Beechnut interests have grown from a single factory in a room 40 by 20 feet, to half a dozen large plants, one of which is in California, and the remainder in eastern states. The plant for the making of catsup and chili sauce was established at Rochester, N. Y., when it could have been built in the midst of the tomato district of Pennsylvania at much less cost and near a cheap source of supply. However, after careful investigation, it was found that the tomatoes grown in the Lake Erie region near Rochester had a much finer flavor than the Pennsylvania variety, and the plant was built at Rochester in order to be near the farms where these choice tomatoes were grown. They are hauled to the plant by the farmers in bushel crates placed in spring wagons, and are converted immediately into catsup and chili sauce.

Dubuque is planning to entertain the district convention of Kiwanis clubs on a large scale. A golf tournament and horse shoe playing contests are being arranged. The evening of Sept. 25 will be "Stunt Night."

A force of 40 club members will go this afternoon to the site of the new cabin six miles east of the city and finish the job. The work has been carried to the point where a big crew can finish it in one afternoon and evening.

### JUNIOR HIGH PUPILS GET PROGRESS PINS

At the assembly period at David Prince High school Thursday morning all students who last year won pins and certificates given by the Palmer Methodist Company for improvement in writing were called to the stage and presented with their tokens. The assembly was opened by a piano solo by Miss Catherine Goebel and the presentation of the diplomas, certificates and pins followed. Quite a few of the pupils honored yesterday had completed the eighth grade work and had passed on to the high school but they were sent for and were present for the presentation.

Those presented progress pins under Miss Cloyd are, Wilma Henley, Herbert Hickox, Elizabeth Chapman, Emil Abernathy, Georgia Parker, George Mitchell, Catherine Mary Kamm, Margaret Benson, William Walton, Malcolm Allen.

Those receiving progress pins under Miss Hackman are: Pearl Howerton, Virginia Ornellas, Doris Robinson, Margaret Neal, Orville Dewees, Libby Oster and Laura Deppe.

Miss McCullough's group who received progress pins are: Fred Birdsell, Florence Taylor, Marjorie Franz, Ruth Rawlings, Lois Biggs, John Hamilton Russell, Helen Tennick, Elizabeth Graff, Fred Hoffmann, Virginia Terhune, Lucille Conkle, Lucille McClellan.

Miss Hackman had one pupil Mildred Biggs, receiving the improvement certificate also Miss McCullough presented one pupil, Fred Birdsell with an improvement certificate.

Catherine Goebel, Bernice Mosley, Adah Brodgen, Lorene Meneses and Ruby Oster, all received final certificates from their instructors. Miss McCullough, Miss Hackman and Miss Cloyd.

### SPECIAL DISCOUNT SALE OF LADIES' AND MISSES' GARMENTS, FURS AND MILLINERY FRIDAY AND SATURDAY AT HERMAN'S, 215-217 E. STATE STREET.

### GUESTS AT SPINK HOME

Mr. and Mrs. Ed. Spink of West Lafayette avenue are entertaining their son, Mr. and Mrs. Marcus L. Spink, daughters Ethel Rose and Mary Ellen and son Charles of Dayton, Ohio. Their other two sons Joseph and Harry, the latter accompanied by his wife are expected by auto this week from Dayton for a visit at the Spink residence. Marcus Spink is engaged in newspaper work in Dayton and his two sons are connected with a garage in the same city.

Barney Google and Spark Plug and eleven more full pages of comics in colors in Sunday's CHICAGO HERALD AND EXAMINER.

### JACKSONVILLE MAN LOST CAR IN INDIANA

J. M. Vasconcellos Had New Auto Stolen at Bloomington—Sweater May Prove Clue in Finding Thief.

When John M. Vasconcellos and his son, Arch Vasconcellos, journeyed to Bloomington, Ind., a few days since they expected to return also in Mr. Vasconcellos' new Chevrolet car. However, they returned by train.

It happened in this way. They left their car near a restaurant in Bloomington while they ate their noonday meal. A little later the car could not be found. The matter was immediately reported to the police and telegrams were sent to police departments of the surrounding cities and towns. However, no trace could be found of the car and the Jacksonville men left Bloomington by train Wednesday night.

Arch Vasconcellos had left his sweater in the car, one he had worn for several years. Great was his surprise when he entered a coach on the train to Chicago to see that very sweater in one of the racks. The matter was reported to the conductor and a railroad detective who happened to be on the train promised to keep an eye on the sweater if it was taken from the rack by anyone on the coach, to make an arrest.

Louisville, Ky., is about 80 miles from Bloomington and Mr. Vasconcellos believes that the person who stole his car drove to Louisville, disposed of it and then took the same train on which he and his son traveled.

However, there was no way of being certain just who placed the sweater in the car rack and the Jacksonville man did not think it worth while to follow the clue into Chicago and left the train at a junction point.

### CANNOT LOWER LAND VALUES IN COUNTY

Commissioners Tell Farm Bureau Men Requested Reductions on Lands Cannot be Made—County Taxes Not Now Sufficient For General Purposes and Oaklawn

A committee representing the Farm Bureau and the land owners of Morgan county in general recently interviewed Morgan county commissioners with the hope of securing a reduction in the assessment of farm lands. The farm bureau committee included C. S. Black, C. A. Rowe and J. W. Arnold, and the matter they presented was given serious consideration by Messrs. Moxon, Osborne and Dunlap, county commissioners sitting as a board of review.

The committee told the board that the assessment figure of \$100 an acre which applies to the best lands in Morgan county is equalled only by the assessment in one other county in central Illinois, and that other counties are from 10 to 25 per cent lower.

The commissioners expressed their entire sympathy with the proposal made by the land owners committee, but explained that it was not possible to reduce the assessments on farm lands at present because the county is not now receiving sufficient revenues to take care of the general running expenses, together with the expense of Oaklawn sanatorium. If it were not necessary to take the Oaklawn operation costs from the general taxes it would not doubt be possible to reduce the farm land valuation.

Altho the commissioners were unable to grant the request of the farm bureau, the best feeling prevailed at the conference. It is possible for the matter to be appealed to the state tax commission and the farm bureau committee may take this action in a further effort to bring about the desired reduction.

### CENTENARY MEN DISCUSS PLANS

Many Lines of Activity Considered for the Conference Year—New Class Officers to be Chosen Next Sunday.

The Loyal Men's Bible Class of Centenary Sunday school had a most interesting study of John Mark, the writer of the second Gospel last Sunday morning which was conducted by the teacher of the class, C. S. Smith.

After the lesson study many matters of interest relative to the work for the coming conference year were discussed.

The bureau, which had been considered was postponed for the present, and the treasurer was ordered to pay \$150.00 to the treasurer of the Centenary fund, which almost completed the payment of the \$1,000 pledge of the class to this fund.

A large attendance is desired next Sunday morning as new officers of the class are to be elected at that time.

### DRESSES

250 new Fall Dresses in Woolen and Silks, will be put on sale Friday. \$15 to \$24.75. SHANKEN'S

### HERE FROM MONTANA

Mr. and Mrs. John Morrissey of Billings, Mont., have arrived in their auto for an extended visit at the home of Mrs. Morrissey's parents, Mr. and Mrs. J. J. Bergschneider at 820 South Diamond street.

Visit the modern home, 930 W. North street, furnished by Hopper & Hamm. Afternoons 2 to 5, evening 7 to 9, until Sept. 18th.

### M. E. CONFERENCE NOW IN FULL SWING

Election of Delegates to General Conference to Take Place Today—Supt. Fletcher Presents Report.

Champaign, Sept. 13.—(Special to the Journal).—Rev. F. B. Madden, begged the conference to reconsider his election to the secretaryship, referring to his 15 years of service in that capacity, and nominated for his successor his assistant Rev. E. G. Sandmeyer, of Urbana. After many pleasant and complimentary remarks his wish was concurred in.

The election of delegates to the General Conference was made the order of the day for Friday at 9 o'clock. Bishop Nicholson directed the Board of Examiners to report the class for admission to membership, on Thursday, so that their participation in the election might be possible. The chairman, Rev. C. D. Robertson announced that the Board would be ready. The memorial service preceded the election of conference officers and was impressive.

World Service. Dr. Ralph E. Diffendorfer, presented the adopted plan of the committee of Conservation and Advance by a review of the 700 page book, bearing the title of World Service of the Methodist Episcopal Church, of which he is the editor and ably assisted by Ralph Hutchinson (foreign field) and Wm. F. McDermott (American section). The book is beautifully gotten up replete with illustrations, maps, diagrams, and the printing of the second edition has begun. It sells for 50 cents and the plan is to place 500,000 copies in as many homes of Methodism this coming year. Dr. Diffendorfer's presentation of the committee plan occupied an hour and was intense and dramatic. It will be put into operation as the annual presentation at the close of the Centenary period. Several hundred copies of the book was sold immediately after the address.

Change of Relations. B. F. Shipp of Tuscola and J. B. Stetson of Belleflower ask for a year of relief from effective service, to travel and study and their cases were referred to the committee on Conference Relations.

E. L. Carson of Tilton and J. W. Kittel of Neoga, were also referred to this same committee for retirement, on account of ill health. Drafts were drawn on the Book Concern for \$5,000 for the Conference Claimants fund.

Jacksonville District Report. A full and fine report of the Jacksonville District was made by Rev. E. L. Fletcher, of church progress, and summary of the work accomplished during the 6 years of superintendency. It was roundly applauded. At its conclusion, Rev. T. H. Tuill, made a happy speech of appreciation and presented a purse of money contributed by the preachers of the district. J. O. Kirkpatrick suggested that this was the first installment of tribute money, at the close of the first six years.

Bishop Oldham was given a fine hearing on presentation to the conference his address on Wednesday evening on "Overseas Work of Christian Missions." The Bishop has been in poor health and a patient in the Wesley Hospital, but is looking well, and leaves for South America and his Episcopal Area this month. He will return in May to be in attendance at the General Conference.

The report of committee on minutes reported contract signed for the printing of 5,000 copies of the annual year book, and brought out applause when a credit of \$100 was announced from last year's sales.

Champaign, Ill., Sept. 12.—(Special to the Journal).—At the appointed hour this morning Bishop Nicholson called the Illinois Conference of the Methodist church to order, and administered the Sacrament of the Lord's Supper.

The roll was called and the Conference proceeded to the Memorial Service, in honor of the men who had passed away since the Conference last year. It was a unusual list. Many of them have been prominent in church leadership. Dr. W. A. Smith of Springfield presided. An address of great beauty and power was delivered by Rev. R. F. McDaniel of Springfield. After the reelection of former secretaries and treasurer.

The members of the two-city ministerial association of which Dr. H. A. Keck is president, were introduced, and an address of welcome was given by Rev. Stephen E. Fisher, pastor of the University Place Christian church. Response by the Bishop was next in order.

Instead of plunging into the routine business two addresses were given, bearing on the work of the church. Dr. R. E. Diffendorfer, a young and vigorous church statesman presented the after-Centenary Program of World Service, which was followed by questions and answers. Then the brilliant Dr. W. E. J. Gratz spoke on "Strengthening the Local Church." By this time the conference settled down to reports and resolutions and regular business.

The Centenary. This conference is the fifth session since the beginning of the Centenary movement, celebrating the beginning of the missionary

COAL! COAL! We will be pleased to supply you with Springfield or Carterville coal at the ruling market prices. Dependable service always. WALTON & COMPANY Phone 44

### Subtle Smartness Marks These

# Suits for Fall

WHEN you're conscious of quality and correct style in your Fall Suit, you're wearing good Clothes. They are unobtrusive refinement—individuality in cut—distinction in fabrics and fashion with superabundance of value at

\$35 - \$50

The Suits, Overcoats and Hats which you so admired at the Style Show are here for you to try on—ready to put on and wear.

MYERS BROTHERS

activity of the church. Yet the period will not officially close before May 31, 1924.

So far Illinois Conferences has paid on the pledges made in 1919 the grand total of one million, eight hundred and eighteen thousand, three hundred and forty-eight dollars (\$1,818,348.00). While the Bi-Conference movement has been put on this year, two thirds of the \$1,250,300 reported as pledged, being credited to the Illinois Conference, yet it is expected that \$300,000 will be paid on the Centenary pledge at this session of the Conference.

In fact, already in the Bloomington district, five churches have paid in full; namely Farmer City, Covell, Lincoln Ct., Mansfield and Seymour. In the Champaign-Danville District five churches also have reported in full. These are East Lynn, McKendree and Fairview, Rantoul, Shiloh and Sidney. In the Decatur District, Stewardson reported full payment before conference. Kansas, Ill., and Villa Grove have paid. These are in the Mattoon district.

In the Quincy district Grigsby has overpaid its quota. Also in full, should be written opposite the names of Lima, Paloma and Payson. In the Springfield district Blue Mound and Middleton are marked overpaid, and Morrisville and Pawnee paid in full. Jacksonville district up to the session of the conference had no representative on this honor list, but will no doubt measure up with the other districts when the reports are all in.

Appointments. The restlessness among the preachers, as well as among the churches seeking a new deal at this conference in pulpit supply is about as usual. In fact, like the Dough Boy in France, a desire to be somewhere else than

where he is, usually shows up at the end of the conference year. "Life" puts it this way:

"I do not know, I do not care. How far it is to anywhere. I only know that where I'm not is always an alluring spot."

Many official boards have passed a complimentary note concerning their pastor, inviting the powers that be to return him for another year. It is a harmless past-time. It does good. If he does not return he can "point with pride" to the resolution, and say, he could have gone back, but thought it best to move. And then all is well with both church and people for a year or two, at least. So far "these powers that be" are very reticent about removals or return, and only individual preachers here and there by an anxious look—indicate an uncertainty about the future. These usually say: "I'll get a place somewhere"—and they usually do. Ditto the church. He may not be the man sought, but he may be counted on to lead on. It's a great system, and there is no thought of changing it. By Saturday or Sunday, rumors aplenty will be afloat. But final decisions the concluding session of the conference.

### News and Notes.

The first break in the program was the announcement that Bishop McDowell who is on the Pacific coast, would be unable to reach the seat of conference for the Educational Address, assigned him for Friday evening September 14. However, Professor Schimhorn, of Garrett Biblical Institute, Evanston, has been secured to fill his place. Dr. Schimhorn greatly pleased the conference last year at Decatur by four addresses given at the special 4 o'clock session.

S. R. Reno of Seymour is representative of the Champaign

News-Gazette, and is using well the space available.

J. C. Nats, director of Education for the Blind, is present at the conference. His residence is at East Orange, N. J.

The absence of Dr. J. H. Barker from the councils of the conference is noted, and yet much pleasure is manifested at the action of the College Board of Trustees in affording him a year of rest from the arduous task of college work.

C. R. Morrison.

### CROPS GOOD IN PIKE COUNTY

Dr. H. C. Woltman, who owns a farm in the Sni Levee District, near Pleasant Hill, returned yesterday from a trip to the farm. Crop conditions in Pike county are very satisfactory this year.

Exquisite Fitch fur Chokers, at Frank Byrns' Hat Store.

Otto Fisher, of Beardstown, owner of the Hutton building on West State street, was a business visitor in Jacksonville yesterday.

The business of the former co-partnership has been reorganized under the firm name and style, "F. J. WADDELL & CO., Inc." Corporation existing under and by virtue of the Laws of the State of Illinois.

## School Watches

Buy him or her one here now

But, you may say "Why a School Watch—what difference is there between a school watch and any other watch; and, any way, our school folks are all supplied."

Very true; but listen! The pocket watch your boy has or the wrist watch your girl has probably is an expensive one which, in the more or less lively play and scrimmages which take place at school among all

red-blooded youngsters, may be irreparably ruined.

Now, each one needs an accurate time-keeper while attending school, so we have secured a number of excellent watches that will do just this and which we can sell for little money.

Buy a "School Watch" and avoid the danger of wrecking a finer one.

# LATEST NEWS OF THE SPORTING WORLD

## MODERN GLADIATORS IN COMBAT TONIGHT

Dempsey and Firpo to Meet in  
Greatest Event of Lives and  
for the Largest Reward.

NEW YORK, Sept. 13.—Two modern gladiators—Jack Dempsey and Luis Angel Firpo—will match their speed, courage and punch tomorrow night in the greatest test of their careers—a "battle of the continents" in which the greatest prize of the ring, the heavyweight championship of the world, will be at stake.

The American holder of the title for the past four years will go into the conflict an overwhelming favorite, among close followers of the game to win and to win decisively, but while expert analysis of the fight all point to victory for the champion, those who have followed the meteoric rise of Firpo, his climb from obscurity to fame, fortune and the position of foremost challenger in a year and a half, believe that the mighty right that has thrust aside all opposition heretofore may upset calculations and bring triumph to the "wild bull of the Pampas."

**90,000 Expected**

Attracting the greatest interest of any international encounter for ring honors since the Dempsey-Carpenter battle two years ago the 15-round title match at the Polo Grounds tomorrow night promises to rival as a spectacle that historic struggle in which the champion vanquished his rival from France. A throng of more than 90,000 will pay approximately \$1,340,000 to witness the fight, according to Tex Rickard. The promoter declared tonight that revised figures of builders who erected vast temporary additions to the field showed a total of 90,374 seats.

**The Ticket Sales**

Ticket speculators were reported to be doing a thriving business, despite the combined efforts of federal, state and local officials to check their activities. Ringside seats were said to be available in the theatrical district at prices ranging from \$50 to \$150 a piece. Something of a flurry in ticket circles had been aroused by reports that counterfeiters managed to get some bogus pasteborders on the market despite a number of arrests and the confiscation of forging materials. Wagering on the outcome of the fight, which so far has been comparatively light, gained impetus with the arrival of thousands from out of town. The confidence of the majority on Dempsey was reflected in the odds. One bet of \$15,000 to \$5,000—three to one—was reported.

Among numerous odd wagers was one at even money \$1,500 each, that Firpo would at least knock Dempsey down for a count.

## SELLS-FLOTO TEAM WANTS LOCAL GAME

Along with the other attractions of the Sells-Floto circus will come the base ball team, composed of star performers and clowns. Joe Hodgini, star horseback rider, is captain of the team and can be reached in care of the show at Columbus, Mo., tomorrow, if the manager of any local team wishes to arrange for a game to be played either Sunday or between shows Monday.

The Sells-Floto team has made a great record this season and is ready to put up a real article of ball, either on any terms or no terms.

## REDS GAIN A HALF IN PENNANT RACE

Duncan Gets Five Hits in Five  
Times at Bat—Harper Plays  
Good Ball

CHICAGO, Sept. 13.—Cincinnati closed its road trip today by defeating Chicago 5 to 3, in 10 innings, making a clean sweep of the two game series and gaining one half game in the pennant race. Great batting by Harper and Duncan, the latter making five hits in five times at bat helped the Reds to victory. Going into the ninth inning a run behind, Harper drove the ball into the bleachers for a home run which tied the count. Fonseca was hurt in a collision at first base when O'Farrell ran in to him in the fifth inning and had to be carried off the field.

## THIRD OF SERIES GOES TO THE YANKS

No Trouble Experienced in Beat-  
ing White Sox by 9 to 5—Ruth  
Hits 36th Homer

NEW YORK, Sept. 13.—The New York Americans easily defeated the Chicago White Sox in the third game of the series here today, 9 to 5. The Yankees started off with an eight run lead in the first two rounds, knocking out Blankenship in the second. Ruth hit his 36th home run of the season off Blankenship in the first inning, leaving him one behind Williams of the Philadelphia Nationals.

## PIRATES-DODGERS DIVIDE THE HONORS

PITTSBURGH, Sept. 13.—Pittsburgh and Brooklyn divided a double header here this afternoon, Brooklyn winning the first game 7 to 4 and the Pirates the second 6 to 3. In the first game, Adams was hit hard in the first three innings and gave way to Hamilton. Brooklyn broke a 4 to 4 tie in the ninth by pounding in three runs. Cooper easily out-pitched Henry in the second game the feature of which was Carley's scoring from second on Barnhart's sacrifice fly to deep center in the third inning. This was the second time that this feat has been accomplished at Forbes Field. Frisch of New York turning the trick four years ago.

## ATHLETICS WIN A 11 INNING BATTLE

Beat the Browns 3 to 2 When  
Miller Singled in 11th Scoring  
Hale

PHILADELPHIA, Sept. 13.—Philadelphia won a hard fought eleven inning battle from St. Louis today 3 to 2 when Miller singled in the eleventh scoring Hale. Danforth pitched a fine game for St. Louis despite defeat. Heimach of the Athletics gave way to a pinch hitter in the ninth and Harris finished the game.

## FREE-HITTING MARKS TIGER-SENATOR GAME

WASHINGTON, Sept. 13.—Walter Johnson gained the decision over Sylvester Johnson today, Washington defeating Detroit 7 to 3. The game was marked by free hitting on both sides, neither runner on the mound finishing the game. Harris was ejected from the contest in the first inning for protesting a decision. Bluege moved from third to Harris' place and was forced a little later to leave the game when a ball took a bad hop and struck him in the face.

## Notice Fight Fans

Full returns from the great Firpo-Dempsey bout tonight at the Polo Grounds, New York, will be given by megaphone from the Journal office window. A direct wire connection will be had so that information will be given practically as soon as would be obtained by eye-witness. Preliminary returns will begin coming in about 7 o'clock and these, together with the bout by rounds will be megaphoned. The main bout will start at 8:00 o'clock, our time.

You are invited to be present.

## PIRATES-DODGERS DIVIDE THE HONORS

PITTSBURGH, Sept. 13.—Pittsburgh and Brooklyn divided a double header here this afternoon, Brooklyn winning the first game 7 to 4 and the Pirates the second 6 to 3. In the first game, Adams was hit hard in the first three innings and gave way to Hamilton. Brooklyn broke a 4 to 4 tie in the ninth by pounding in three runs. Cooper easily out-pitched Henry in the second game the feature of which was Carley's scoring from second on Barnhart's sacrifice fly to deep center in the third inning. This was the second time that this feat has been accomplished at Forbes Field. Frisch of New York turning the trick four years ago.

## ATHLETICS WIN A 11 INNING BATTLE

Beat the Browns 3 to 2 When  
Miller Singled in 11th Scoring  
Hale

PHILADELPHIA, Sept. 13.—Philadelphia won a hard fought eleven inning battle from St. Louis today 3 to 2 when Miller singled in the eleventh scoring Hale. Danforth pitched a fine game for St. Louis despite defeat. Heimach of the Athletics gave way to a pinch hitter in the ninth and Harris finished the game.

## UHLER'S WILDNESS AID TO RED SOX

BOSTON, Sept. 15.—The wildness of Uhlir in the eighth inning was largely responsible for Boston's 9 to 8 victory over the Cleveland Americans in the first game of the series today. Boston used five pitchers. The home run of Brower into the right field stands in the eighth was one of the hardest hit balls seen here this season.

Score:

Cleveland . . . 310 111 010—8 13 1
Boston . . . 302 000 13X—9 12 2

Uhlir, Edwards and O'Neill; Piercy, Fullerton, Howe, Ferguson, Murray and Pleinich.

## BOTH BIG FIGHTERS EXPRESS CONFIDENCE

Each of Contestants Gives Reasons for Belief That He Is the Best Man and Will Win.

New York, Sept. 13.—(By The Associated Press.)—Pre-battle declarations of confidence in their conquering ability were flung out tonight by Jack Dempsey and Luis Angel Firpo.

Statements of the fighters, together with those of their rival mentors—Horatio Lavalle, Firpo's Argentine trainer and Jack Kearns, the champion's manager, follow:

**Dempsey Says—**

Jack Dempsey: "I have trained hard for this match because I expect it will be a tough one. I do not pay any attention to those who expect Firpo will be an easy opponent but I do not fear him. Firpo is big and dangerous. They are all dangerous until you have them on the floor. If I can end the fight in one round I'll do it because I cannot take any chances with him. Perhaps the fight will go farther than many expect because Firpo probably can take a lot of punishment. I'll give him plenty of chances to demonstrate this, because I intend to sock as hard as I can from the start but not take any early risks myself. He is too dangerous with his right hand."

**Firpo's Statement:**

Luis Angel Firpo: "I am in good shape; I feel like fighting as I never have before. In the arena there will be many voices raised against me; some will be shouting for me. If I am knocked down again and again I will come up again and again. There will be no towels tossed from my corner. I don't think Jack Dempsey can beat me and I don't think that he can stand up under my punches. I came to the United States to win the world's title; I conquered every man that stood in the road to the big test. On my body there are no scars of these battles; in my heart there is no fear of any living thing. I think I will conquer Dempsey."

**Kearns' Brief**

Jack Kearns: "Dempsey is in great shape and ready for the toughest fight of his life. I am confident that he is

## A Serious Time Indeed

is that time when a Surgical Operation is to be considered.

During that act your life is in the hands of others and it may never be yours again. That depends only upon the SKILL and ABILITY of those directing the KNIFE and the after care.

The only sensible way to make sure in your decision is to compare "RESULTS."

Where work is abundant and deaths are few Tell it to me and I'll know what to do.

There can be no other argument. The records of The New Home Sanitarium are always open to inspection.

A. H. KENNIEBREW, M. D.  
Surgeon in Charge

Get that coal in your empty bin!

An empty bin oftentimes produces as much unhappiness as an aching heart. Fill it up today with a ton of the finest coal a miner ever risked his life to get. The cleanliness and heat producing qualities of this coal appeal to the careful, economical householder.

Jacksonville Coal Co.

207-213 W. Lafayette Ave. Phone 353

## A Responsible House

What more could be said during these times, than

"You are doing business with a responsible house?"

Doing business without looking ahead is like driving a car on a dark night without your head lamp—you cannot see what you are coming to until you hit it, or it hits you—then, it's too late. Put on your head lamps and look ahead.

Every man and woman who owns a car wants to be out on holidays.

Have your car "tuned up" and inspected by an expert before you start.

Avoid those needless, embarrassing breakdowns while away from home.

We do all this needful work at most reasonable prices. Drive in.

## CHAPIN SOCIETY HAD HOMECOMING MEETING

C. W. B. M. of Christian Church Enjoyed Cafeteria Supper at Home of Mrs. Walter Bobbitt—Other Chapin News

Chapin, Sept. 12.—The C. W. B. M. of the Christian church held a "Home Coming" meeting at the home of Mrs. Walter Bobbitt Wednesday afternoon. At this meeting all who had ever belonged to the society were invited to be present and 37 responded to the invitation. The regular missionary program was carried out during the afternoon and at 4:30 o'clock a delicious supper was served, cafeteria style on the lawn. Out of town guests were Mrs. F. M. Roberts and Mrs. T. H. Stone of Jacksonville and Mrs. C. F. Danforth of Roseville.

Russell Hunter of Chillicothe, Ill., was a visitor at the Andrew Allen home Tuesday and Wednesday.

Mr. and Mrs. Opal Blair have as guests Mr. and Mrs. Eaton of Tulsa, Okla., and Mrs. John Hostetter and Mrs. Sam Batiss of Arenzville.

Mrs. C. F. Danforth, a former resident of this place, now of Roseville is the guest of Mrs. J. E. Burnham and Mrs. W. N. Bobbitt.

A. C. Rice of Jacksonville was a Chapin visitor Wednesday. T. O. Conliss of Markham was a visitor at the J. L. Alderson home Wednesday.

Rev. and Mrs. O. W. Lough and Mr. and Mrs. G. A. Allen visited Winchester Wednesday.

Mrs. Phoebe Scott, Mrs. E. E. Sidles and Miss Helen Sidles spent Wednesday in Springfield.

We clean rugs, runners and carpets with pure air. We also sterilize them. Jacksonville Rug Co. Call 448

### FUNERAL NOTICE

## Market Report

By The Associated Press

### WALL STREET HAS A "MILLION" DAY

FINANCIAL  
Total stock sales 1,046,400 shares.  
Twenty industrials averaged 90.63; net loss 2.02.  
High 1923; 105.38; low 86.92.  
Twenty railroads averaged 81.27; net loss .76.  
High 1923; 90.51; low 79.53.  
Total bond sales par value \$,757,000.

NEW YORK, Sept. 13.—Wall street witnessed its first million share day on the New York Stock exchange today in more than three months, but it was accompanied by a sharp reaction in prices with active shares registering losses of one to nearly 5 1/2 points.

The selling was attributed to a variety of causes including the failure of operators on the long side to attract a public following in the recent movement, the disturbing nature of the foreign news, the decline in forward buying in the steel industry, and rumors of unfavorable dividend action, particularly some of the oil companies. Passing of the Marland dividend was not announced until after the market closed but rumors that it was in danger were circulated during the day with the result that the stock dropped 2 1/2 points.

Many of the large commission houses, apparently discouraged by the failure of the market to rally yesterday urged profit taking which had received its initial impetus from the heavy offerings of speculators for the decline. The reactionary trend was checked momentarily by the statement of E. H. Gary, chairman of the United States Steel corporation, that in his opinion there was nothing in sight to indicate a serious business depression in the near future and that the recent diminutive in new orders was seasonal and not alarming. At last reports he said finishing mills of the corporation were operating 9.84 per cent of capacity. United States Steel common broke below \$9 but rallied to \$9 1/4 where it was off 1 1/4 on the day.

### CHICAGO LIVESTOCK

CHICAGO, Sept. 13.—Cattle receipts 9,000. Active. Mostly 15 to 25c higher on practically all killing classes. Well conditioned yearlings most numerous of week, finished matured steers comparatively scarce; few western grassers here; strictly choice yearlings 12.75 highest of year; weights considered; numerous yearlings 12.00 to 12.65; few below 10.00; best matured steers 12.95; bulk of steers and yearlings 10.00 to 12.00; few western grassers to killers 8.00; downward to 5.50 and below; choice yearling beef heifers upward to 11.15; most grass fat cows 4.50 to 5.50; few grain fed heifers below 8.00; bulls showing general advance; bulk 4.50 to 4.90; heavy bolognas 5.10 to 5.25; vealers 5.10 to 5.00; bulk 13.00 to 13.25; outsiders, paying upward to 14.00; stockers and feeders firm; country demand rather quiet.

Hogs receipts 38,000. Mostly 10 to 15c lower; few good lights and desirable weights butchers steady to 10c lower; closed weak with spots 25c off; bulk good and choice 160 to 230 pound averages 9.00 to 9.25; top 9.20; desirable 240 to 320 pound butchers largely 8.50 to 9.00; most packing sows 7.35 to 7.60; few desirable 120 to 130 pound killing pigs 7.75 to 8.25; estimated holdover 15,000.

Sheep receipts 21,000. Fat lambs 25 to 50c higher; others strong; sheep slow, mostly steady to strong; fat ewes 14.50 to 14.60; some held higher; most natives 13.75 to 13.85; several loads 14.00; good yearling ewes 11.25; mixed two and aged ewethers 8.75; fat ewes from 7.00 to 120 pounds upwards to 7.00; feeding ewethers 7.50; feeding lambs largely 13.60 to 14.00.

St. Louis Cash Grain  
Wheat—Red, 1 1/2c lower. No. 1 red, \$1.13; No. 2 red, \$1.08@1.12; No. 3 red, \$1.04@1.08; No. 4 red winter, 99c; No. 5 red winter, 95c@1.01; sample grade red, 92c; No. 2 red garrie, 1.05; sample grade garrie, 80c;

## DISTRICT M. E. SUPERINTENDENT MAKES REPORT

At the M. E. Conference in Clam  
paign this morning Rev. E. L.  
Pletcher will present his report as  
superintendent of the Jacksonville  
district as follows:

The two western districts of the  
Illinois Conference embrace two fifths  
of the whole territory of the entire  
Conference. In reporting to you the  
activities upon the Jacksonville Dis-  
trict the report must of necessity be  
scattered and somewhat disconnected  
because of the great variety of  
work and the conditions under which  
it is administered.

### Two Great Movements

During my term upon the district  
we have passed through two great  
movements in this Conference. The  
first was the Centenary campaign  
and its subsequent operation. This  
alone has been a task worthy of one's  
utmost endeavor. Each year we have  
striven to reach the last person and  
collect the maximum in every  
charge. After Conference last fall we  
rallied to the "I Will Maintain"  
campaign and a most careful canvass  
was made at this time of crisis.  
This year we have sought in every  
way to bring up every charge and  
secure as complete a settlement as  
possible.

In the early summer we spent  
several very strenuous months in the  
Bi-Conference Campaign for our Edu-  
cational Institutions and Conference  
Claimants. We are pleased to note  
that the Jacksonville District stands  
second in the list of the Districts of  
the two Conferences. I have been  
constantly in the field and have not  
in any way tried to shield myself  
from the labor or any unpleasant  
task which must be undertaken in  
carrying forward these two great  
and vital movements.

### Appreciation

Such mighty campaigns as we  
have passed through try the metal of  
both Laymen and Preachers, and per-  
haps there is no better place to  
really become acquainted with men  
than under such great stress. There-  
fore it is a great gratification to me  
to say that not one of the Preachers  
upon the District has failed us and  
the great majority of the Laymen  
have been true and loyal to the far-  
seeing programs of the Church. And  
may I add, that if both the Laymen  
and Preacher had not known and  
felt the hearty support which has  
always been given us by our Bishop  
in all the work of the District we  
could not have accomplished in any  
degree what has been done.

### Spiritual Activities

We have always insisted that first  
things must be given the place of im-  
portance in any program and no work  
of the Kingdom can succeed unless we  
are such in prayer and stress the  
spiritual side of every Church activ-

ity. In all our work we have insisted  
that the Church must not neglect the  
things of the Spirit. Special evangel-  
istic services have been held in nearly  
every Church and the results in con-  
versions and the quickening of the  
Church life have been very gratify-  
ing. During the summer we have used  
the District tent at several points  
and much good has come from these  
open air meetings. Parts of the Dis-  
trict lie within the mining regions of  
Illinois where thousands of unchurched  
and un-American humanity is as-  
sembled. Here we have maintained  
special work among these people.

Conducting citizenship classes among  
the men, many of whom were  
soldiers from the ranks of the World  
War, soldiers of Europe. We have  
gathered the children in our Sunday  
schools and have gone into the homes  
teaching a religion of sanitation and  
home making. Especially has this  
work gone on at Thayer, Virden and  
the mining settlements south of  
Springfield.

### An Unfortunate Attitude

For the past few years especially  
in rural localities such as this Dis-  
trict, we find that a most unfortunate  
attitude has been assumed by many  
of the rural folk. Probably no one  
but the farmer can realize how  
severe has been the blow which has  
fallen upon the rural communities in  
recent months. Many farmers face  
bankruptcy unless the tide speedily  
turns. Our laymen have in many  
cases borrowed money to meet the  
salaries of ministers and Centenary  
payments. But sad to tell in other  
cases a spirit of bitterness and in others  
of indifference has overtaken them.  
Some repudiate subscriptions taken  
in good faith and upon which great  
benevolent enterprises were  
launched. Others seem to have become  
utterly indifferent to the needs of the  
Kingdom and though they still have  
money for all their desires they have  
made the first and deep cut in their  
support of the Church. I realize that  
in our enthusiasm for the advance of  
our Church there is the danger of  
placing the dollar sign above the sign  
of the cross and it may be we have  
erred, but at the present time in  
many places wavers and totters be-  
cause the support of our dollars is  
withheld.

### Outstanding Advances of the Year

This has been a year of great ac-  
tivity among the Churches when we  
take a view of the whole District. A  
few of the most outstanding results  
may be mentioned, yet we bear in  
mind that in many cases the "Lord  
seeth not as man" and it may be  
that at the last great day the work  
we have forgotten to note will hear  
the "Well done of the Father." Ash-  
land stands out as almost perfect in  
its complete and neat equipment of  
both Church and parsonage. Pastor  
Betcher has surely looked after  
everything on his desirable charge.  
Athens is just beginning a program  
on improvement and repairs and it  
is hoped by another year that the  
physical equipment of this Church  
will be equal in a measure to its re-  
quirements. Auburn has enjoyed a  
prosperous year and at the present  
time the Church is literally "in the  
air," a new basement is being con-  
structed and other improvements are  
under way. This charge also reports  
an advance in the benevolences for  
the past year.

The Berdan charge is unique in  
that not only they have had a pros-  
perous year but at Wesley on this  
work, the pastor, Rev. Amos Craw-  
ford has literally built a beautiful  
Church with his own hands. After a  
fine revival at this almost abandoned  
church the people rallied and the last  
Sabbath before Conference the Dis-  
trict Superintendent dedicated a  
modern country church with base-  
ment and equipment to minister to  
the community needs. Carrollton is  
planning extensive improvements  
which will begin very soon.

Chandlerville has the distinction of  
being ruled by a Methodist mayor  
who is the pastor of our Church at  
that place. Rev. D. C. Byus, Curran  
has passed through four years of  
steady advance under Rev. George M.  
Hayes and is now a modern up to  
date rural work. Girard is also "up  
in the air" as a new basement is now  
under construction in connection with  
a general improvement of the  
plant.

Fire destroyed out beautiful par-  
sonage at Greenfield the night before  
last Easter, but a new parsonage has  
been purchased and is now ready for  
the pastor to occupy. Island Grove  
celebrated its centenary of continuous  
Methodist service in August of this  
year, and is now well launched on  
its second century. Nilwood has  
advanced steadily each year but the  
past year has been the best of Pastor  
Wunderlick's seven miles-around the  
world in miles and that in the mud  
and hills of Macoupin county.

On the Oakford charge at Atter-  
lerry on August 5th., our beautiful  
new church was dedicated by Rev. G.  
E. Scrimger. This church is the re-  
sults of the earnest labor of Rev.  
Harry R. Evans and rises from the  
ashes of the former church which  
was burned from lightning a year  
ago.

Petersburg celebrated its silver  
Jubilee on Sunday August twenty-  
sixth. We were gladdened and delig-  
hted with the presence of Bishop Har-  
zel for the morning address and Dr.  
Theodore Kemp gave the evening  
sermon. This Church was erected  
under the pastorate of Dr. Kemp  
twenty five years ago and came to  
its second reconstruction and decorat-  
ing under the pastorate of the present  
pastor, Dr. G. E. Scrimger. Waverly  
will open the year with a new home  
for the minister, having purchased a  
house located in the best part of the  
city. Another centennial was observ-

ed at White Hall this year and many  
attractive and interesting things in  
connection with this event have been  
carried on during the year by Rev.  
J. O. Kirpatrick the pastor. Win-  
chester at the present time is engaged  
in a general program of redecoration  
and repairs to cost at least five thou-  
sand dollars.

### New Churches and Parsonages

While I have been upon this Dis-  
trict we have built six new Churches  
as follows: Rich Woods, Durbin,  
Modesto, Atterberry, Wesley on the  
Berdan Circuit and Waverly. There  
are also six new parsonages to be  
record, Bluff Springs, Franklin, Green-  
field, Grace Jacksonville, Waverly  
and Winchester. Three of these  
have been built and three were pur-  
chased already built.

### Illinois Woman's College

Each year it has been a pleasure  
to report the constant growth and  
development of the Illinois Woman's  
College which is the constant pride  
and glory of the Jacksonville District  
and yet the possession of the Illinois  
Conference in a peculiar way. Again  
we can report that this year presents  
a record enrollment and not only  
this but the standard of work and  
equipment is better than every be-  
fore. In the Bible Department the  
College has been extremely fortun-  
ate in securing Prof. Wallace Nelson Searns  
who comes with the finest of record  
as an instructor in the department  
which he now assumes. From my  
own personal experience I can say  
there is no finer institution where  
Methodists may place their daugh-  
ter if they desire the highest Chris-  
tian culture with the best and high-  
est of modern collegiate work.

Last Commencement marked the  
fiftieth year for Dr. Harker, the  
President of the College, as a teacher  
and his thirtieth year as President of  
the College. The Trustees voted him a  
years' leave of absence which he is  
now enjoying and it is hoped that  
he will return to the College so re-  
freshed and invigorated that he will  
carry on this institution from victory  
to victory and from height to height.  
In the mean while Mr. A. C. Metcalf,  
the registrar, and Miss Olive L. Aus-  
tin, the dean, are in charge of the  
College and conducting the school  
with great success and ability. As a  
result of the Bi-Conference the Wo-  
man's College will be able to main-  
tain its collegiate standing and make  
needed improvements. The citizens of  
Jacksonville should be highly com-  
mended that in the closing days of  
the Bi-Conference they came for-  
ward and subscribed some seventy  
four thousand dollars to this cause.  
They also promised the College that  
when the time came for a building  
program that they would be respon-  
sible for further support.

### The Outlook

In these modern days things hap-  
pen so rapidly it is hardly possible to  
realize how the old is passing as the  
new seems to rush upon us. So I  
have found it in our church work.  
New improvements and ways of

transportation change the whole  
Church problem for a community  
The fast developing system of hard  
roads coupled with automobile trans-  
portation has greatly effected the  
rural church problem. I believe we  
are fast drawing towards community  
centers, some in small town and others  
in the open country. It will be a  
great mistake if we abandon our  
rural churches but we must see to it  
that strategic points are selected,  
such as the places where Community  
High schools are located, and here  
our churches must be maintained and  
supported for the day that is to be.

I know the Message of the Christ  
is the message of hope for a strug-  
gling smitten world. The one ray of  
hope through the clouds that shadow  
us today and I likewise feel con-  
fident that we have a church organi-  
zation which will and does adopt its  
self to the new and changing time.  
With this hope and assurance I sub-  
mit this report and face tomorrow  
and its task with confidence and  
trust.

## Music a Great Factor in American Life

Instead of being the privilege of the few, music has become an important part  
of the everyday American life. Fewer professions, if any, promise greater re-  
wards, and no other accomplishment gives greater or more enduring pleasure  
throughout one's whole life. This is true not only for the student of exceptional  
talent but for the average student as well.

### LOCAL STUDENTS

Notwithstanding the gratifying large local enroll-  
ment at the College of Music, to which are added  
students from many states—we feel that there may  
be others who do not realize that it is only at the  
College of Music that a complete musical training  
can be had in Jacksonville. By this we mean that  
in addition to the subjects chosen by the student, he  
is given, even though a beginner, the added advan-  
tages of free instruction in those related subjects  
essential to musical education and enjoyment. Thus,  
the student receives correct training and makes more  
rapid progress.

### DEPARTMENT OF YOUNGER STUDENTS.

Start your children right. That they will be  
started right and that later on they will not have to  
unlearn what they have learned is one of the things  
you are sure of at the College of Music. There is  
not even a financial reason for not starting your  
child here. Our rates for beginners are as low as  
\$7.50 per semester in class work or private lessons  
with advanced students. At all stages of this work,  
the student is given the personal, individual atten-  
tion of the teacher and of the supervisor of that de-

partment as well. By these means our students  
learn to enjoy music, practice is not a hardship, and  
the result is that music permanently enriches their  
lives, instead of being cast aside for temporary, use-  
less fads.

### DEPARTMENT OF OLDER STUDENTS.

Those who contemplate a musical career should  
at once take advantage of the training only to be  
had at the College of Music. We have a constant  
demand for teachers and music supervisors. Our  
graduates are filling paying positions North and  
South. Chautauqua work is another field in which  
there is a big and paying demand.

### MANY FREE ADVANTAGES.

Absolutely free instruction is given to Junior stu-  
dents in these essential subjects: Harmony, theory,  
ear training, sight singing, eurythmics, music history,  
and orchestra practice.

Fifty public and many private student recitals fit  
students for public appearance and insure a reper-  
toire of pieces that can be performed from memory.  
College of Music students have no such excuse as "I  
do not have my music with me."

## Fall Term Starts Tuesday, September 18th

Lessons Are Available at Either the College of Music or the West Side Studio

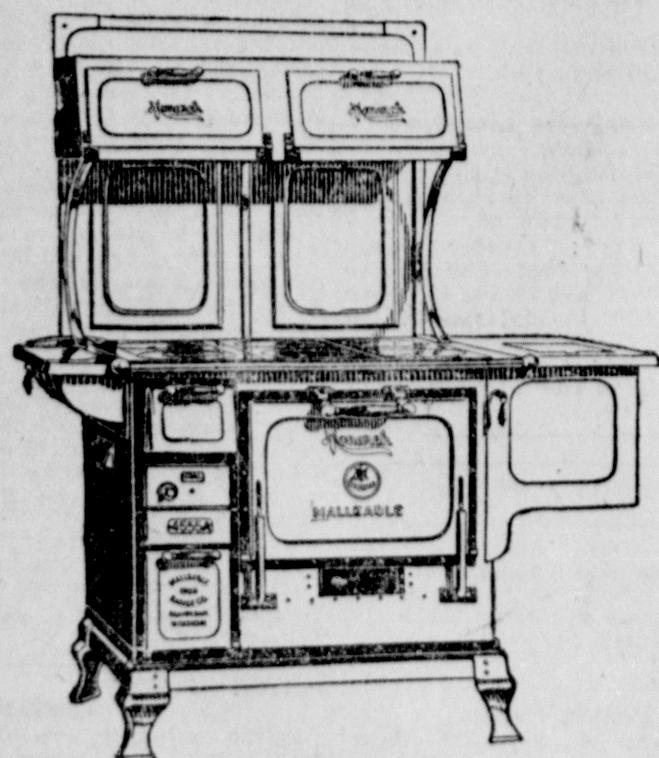

Arrange your enrollment at once by calling on Director Pearson. He will be  
glad to talk to you and suggest the work you need. An interview can be ar-  
ranged by telephone if more convenient.
